French Creek Estuary Eagle Sanctuary Takes Flight!

The BC Parks Foundation has secured an exclusive agreement to purchase 18 acres of French Creek Estuary Land, a purchase that would see a total of 23 acres of this productive and ecologically valuable land protected.

They will work with all partners on a crowdfunding effort to raise the remaining \$300,000 by a deadline of April 10th, 2022.

French Creek House Ltd., the land owner, have generously agreed to gift \$3,280,000 of land value if the remaining funds can be raised.

Another major donor, Mr Dax Dasilva and his non-profit Age of Union Alliance, will provide a landmark gift of \$1,000,000 in matching funds if the remainder can be raised.

The Regional District of Nanaimo is onboard with a \$400,000 contribution toward the purchase of the estuary lands and will work with the BC Parks Foundation to manage this

important ecological area as a nature preserve.

AND YOU have generously contributed over \$200,000!

We need YOUR HELP to reach this goal!

Please donate if you can and share this email with your contacts.

"When you add your paddle— no matter what size, shape or colour - to this journey, you become part of the doing something meaningful and lasting - keeping BC beautiful, forever. To do something together like this is one of the best feelings you will ever have. It's as close to the feeling of soaring like an eagle that you will ever get."

Dr Andrew Day, CEO, BC Parks Foundation
